## RESIDENTIAL SOLID WASTE RECEPTACLE RELOCATION

The City of Dawson wishes to provide a safer and more efficient solid waste collection service. Collection in the alleys has proven to be difficult and at times unsafe due to the limited width of our alleys. Because of this, the City of Dawson has commenced a program to aid residents in moving their receptacles to locations adjacent to streets and avenues. The City will be contacting residents to aid in this transition. For more information, please contact the City office at 993-7400.
