DOG LICENCE INFORMATION

An intact dog licence is effective from the 1st day of January or the date of issuance until and including the 31st of December next following.

An owner of an intact licensed dog may request a refund of the difference between an intact licence and a lifetime licence if they provide the city with a veterinary certificate certifying the intact licensed dog has been neutered within six (6) months of the owner purchasing the intact licence.

No person shall use a dog licence tag on a dog to which it is not registered. A dog licence is not transferable from one dog to another and no refund shall be made because of the death or disposal of a dog, or upon the owner leaving the city before the expiration of the licence period.

Any licensed dog off the owner's property and not wearing its dog licence shall be deemed to be an unlicensed dog.

Upon payment of the prescribed fee, an owner of a licensed dog may obtain a replacement dog tag licence.
